

We are very pleased to include the A.D.E Range of Class III Medical Scales within our comprehensive range. For those not familiar with the A.D.E range, the company has been synonymous in Germany for precision and reliability in scale manufacturing. The A.D.E factory has concentrated for 75 years on the production of precision scales for the Industrial and related markets. Using this knowledge and expertise A.D.E are pleased to offer their scale range to the U.K. and Irish Medical professions.

Please note that for clarity the scale section of our catalogue has been divided into the following sections:

Class III Medically Approved Scales

- Baby and Toddler Scales
- Adult Scales

International Scales suitable for non medical applications

- Baby and Toddler Scales
- Adult Scales
